Designed for Sukoon

In today's world, everything often feels a bit too much. So, we've all tried, in our own ways, to find Sukoon; that rare stillness where everything feels just right.

Sukoon can mean different things to different people. For some, it's a quiet morning with soft sunlight streaming in. For others, it's the simple comfort of coming home to a space that feels just right.

At Hindware, we understand that finding Sukoon begins with the spaces we live in.

In the chaos of everyday life, we create warm, inviting environments where you can pause, breathe, and indulge in life's most precious moments.

With thoughtful design and advanced technology, we at Hindware bring care, comfort, and innovation; ensuring that every touch, every feature, and every detail works in harmony to offer you the Sukoon that you're looking for.

Because true design is not just about how a space looks, it's about how it makes you feel. And with Hindware, you can always return to that perfect state of Sukoon.

About us

Aspirations Fueled by Innovation

Hindware Home Innovation Ltd. (HHIL) is the fastest growing player in Consumer Appliances and the leader in building product segment with 3 distinct distribution channels to market. The company is focused on servicing end-consumers and is involved in branding, marketing, sales and services of various product categories.

Our portfolio is always evolving to meet consumer demands. We shape our portfolio with products that intelligently cater to the needs of our consumers. We compete in attractive and growing categories and prioritize investments to stay relevant and win in every segment and market in which we operate.

Under the consumer appliances business, we have a forward looking portfolio spanning several categories — kitchen appliances, water heaters, room heaters and kitchen and furniture fittings. We have one of the largest ranges of connected and smart appliances in the industry in India and have 34 patents (applied) that showcase our commitment to bringing technological improvements and creating value additions in the lives of our consumers.

We have created distinctive distribution channels for our various business segments and have an omni-channel presence to stay close to our customers and widen our market reach.

Hindware brand stands for trust, innovation, and legacy. Aligned to the mother brand Hindware, all consumer appliances products are housed under the brand Hindware Smart Appliances. We strive to lead the market with our innovative, smart, and connected appliances, delivering ease, simplicity, and happiness to our consumers' busy lives.

Milestone Moments

Awards and Certifications

In a testament to our unwavering dedication to quality, innovation, and customer satisfaction, Hindware Smart Appliances proudly boasts an array of prestigious awards and certifications. For the past four consecutive years, we have been esteemed with the title of Best Overall Service Performance during Flipkart's renowned Big Billion Days sale event.

Recognized as an Extraordinaire brand, we were honored as Iconic Innovators in 2023 and Game Changers in 2022 at the esteemed Brand Vision Summit. Our commitment to innovation is further exemplified through our accolades at the FICCI Awards on Industry 4.0, securing the Silver prize in 2022 and the Gold prize in 2023. Additionally, our Google IO certification in 2021 solidifies our standing in the global smart home ecosystem. Embrace excellence with Hindware Smart Appliances, as we continue to redefine comfort and smart living.

Extensive Distribution Network

140+ EXCLUSIVE BRAND STORES

Experience our exclusive range firsthand at 140+ dedicated brand stores nationwide.

300+ SHOP-IN-SHOPS

With a presence across 300+ Shop-in-Shops in India, Hindware Smart Appliances is accelerating the adoption of smart living through accessible, future-ready solutions.

2500+ DEALERS

Our extensive network of 2500+ active dealers & direct dealers ensures easy availability of our products across regions.

NATIONAL PRESENCE IN 200 CITIES

We proudly serve customers in over 200 cities, offering quality appliances with unmatched accessibility.

WHY HINDWARE SMART APPLIANCES?

Chimneys

PATENTED Technology

3x more effective cleaning with 180°C powerful autoclean.

Enjoy a quieter cooking experience with 39%^ less noise compared to traditional chimneys.

Operate it easily via the mobile app, with control over power, LED lighting, speed, and autoclean. You can also set a delay timer and track your usage history.

BLDC Motor

BLDC motor in chimneys deliver enhanced energy efficiency, whisper-quiet operation, extended product lifespan, and minimized maintenance, driving superior performance and elevated user experience.

Built In Hobs

Prevents accidental gas leakage by stopping the gas supply in case the flame goes off while cooking.

Spill-proof concealed brass burners provide even heat distribution, high durability, safer enclosed flames, easier cleaning, and efficient cooking performance.

Built In Ovens

Creates moist, tender interiors in baked goods like cakes & bread, while enhancing exterior rise & texture.

Enables healthier frying with crispy textures, expanding culinary versatility with less oil.

The Easy Clean feature uses a micro-fine ceramic non-stick coating that prevents oil and food residues from adhering to the tray, allowing effortless cleaning with just a simple wipe.

Dishwashers

AutoClean removes residue and odors, boosts hygiene and cleaning performance, prevents blockages, protects parts, and improves efficiency.

^ 39% less noise mentioned is as per ideal test conditions, tested by ISO-9001 : 2015 certified laboratory, for more details visit hindware.com

IoT Chimney

- Baking
- Touch + Knob Control
- Conventional Heating
- 16 Cooking Functions
- Soft Close Door
- Smart LED Knob
- Triple Layer Glass Oven Door

Marcus 80 Grey

- Capacity: 80 L
- Size (mm): 598x575x598
- Steam Assist & Airfryer
- Grill & Convection
- Baking
- Touch + Knob Control
- Conventional Heating
- 16 Cooking Functions
- Soft Close Door
- Smart LED Knob
- Triple Layer Glass Oven Door

Ottavio 80

- Capacity: 80 L
- Size (mm): 598x575x598
- Airfryer
- Grill & Convection
- Baking & Conventional Heating
- Touch + Knob Control
- 14 Cooking Functions
- Soft Close Door
- Rotisserie
- Triple Layer Glass Oven Door
- LED Illuminated Knob

Airfryer

Healthier, faster, versatile cooking

Food Probe

Monitors internal temperature for precise cooking

Airfryer Basket

Removable, dishwasher-safe, even cooking

BAKING

Soft and Moist Baked Goods: Steam helps to create a moist and tender interior in baked goods like cakes, bread, and pastries, while also achieving a crisp exterior.

Improved Rising: Steam can help dough rise more evenly and quickly, resulting in better-textured baked goods.

STEAM ASSIST

Grill Mode

Convection Fan

Child Safety Lock

Disclaimer: ^The suction and noise levels mentioned are as per ideal test conditions, tested by ISO-9001 : 2015 certified laboratory. Suction level measured at the highest operating fan speed on the inlet side of the chimney and have tolerance of +/-10%. This may change depending on size of kitchen and other factors like environment, ambient noise, operating voltage, accessories used, etc.
