Say hello to A. O. Smith.

Founded in 1874 by Charles Jeremiah Smith, the A. O. Smith Corporation began as an engineering company in Milwaukee, Wisconsin. For the past 150 years, our singular purpose has been to create stellar products that deliver the best performance with the best technology. And to this day, we live strongly by that belief.

150 years of innovation.

A. O. Smith enjoys a rich history of achievements. A glimpse at our 150-year history reveals numerous engineering and technical achievements.

1874

Started operations

1889-1906

Foray's into the bicycle industry and over the years became North America's largest automobile frame manufacturer

1936-1954

Patented the glass line technology and introduced the first glass-lined commercial water heater

1995

Joint venture in China

2006

Started operations in India

2010

Factory set up in Harohalli, near Bengaluru 2010 - Water Heater Manufacturing begins

2015

Entry in Water Purification-Pioneers in introducing the Hot Water feature

2020-2023

Launched industry-defining products in Water Heaters and Water Purifier series in India

2024

A. O. Smith celebrates 150 years of integrity, innovation and customer satisfaction in its business locations across the globe

2025

Launched Water Softeners in India.

Advantage of our A. O. Smith RO Water purifiers

What a purifier.

Our range of water purifiers offer everything you’ve thought of and more. Engineered with the finest technologies, our water purifiers are intuitive, efficient and beautiful. Whether it’s the top of the line A. O. Smith ProPlanet Series or the Under-the-Counter invisible models, you’ll find one that best suits your needs.

Baby-safe Water powered by RO+Silver Shield

SILVER SHIELD is powered by Silver Charged Membrane Technology (SCMT) which effectively removes various pathogens & harmful contaminants, offering superior protection.

8 Stage Purification with RO+Silver Shield

Get Baby-safe water - The comprehensive 8 stage purification process amplifies water purity to its highest efficiency, always dispensing only safe and clean drinking water, ensuring that the water you get is Baby-safe.

*Available in select models.

8 Stage Purification with RO+Silver Shield

Our 8 stage RO purification system, in ProPlanet undoes what the world has done to water. At the touch of a button, you get water the way it was meant to be. Fresh, clean and so good that even safe for babies*.

1 Pre-Filter

The first step in our filtration process is the advanced Pre-Filter. It removes sediment and other particulate matter.

2 ART™MAX

(Advance Recovery Technology™)

Unlike other purifiers, our breakthrough Advance Recovery Technology™ recovers 2X more water* when it runs through the purifier, ensuring minimal water wastage. It's good for the environment and good for you.

3 Sediment Filter

The Sediment Filter removes finer sediment and particulate matter. This increases the life of the RO membrane and subsequent filters, resulting in low maintenance costs.

4 Carbon Block

The Pre-Carbon Filter removes any unpleasant colour, taste and odour, including chlorine. It ensures that your water is healthy and tastes the way it was meant to.

5 Patented Side Stream RO Membrane

Our patented side stream RO membrane removes bacteria, viruses, cysts, heavy metals like lead, mercury and arsenic, as well as pesticides and fluorides. The system is designed to ensure 100% of the water passes through the RO membrane and none of it bypasses it so no impurity stands a chance of passing through.

6 CFM Technology

(Copper Fortified Mineralizer Technology)

Enriches water with the goodness of copper and adds essential minerals like calcium and magnesium.

7 Alkaline Technology

Alkaline technology helps to balance the required pH level of purified water.

Ensures water within

pH 7 - 8.5

8 Silver Shield

(SCMT: Silver Charge Membrane Technology)

SCMT prevents any potential secondary microbial contamination post RO purification.

*Under standard test condition. ART™ patent applied.

proplanet
Series

ProPlanet series has a water recovery of more than 60%. It is India's 1st and only 5 star rated water purifier in terms of water savings certified by IAPMO (International Association of Plumbing and Mechanical Officials) ProPlanet series water purifiers are compliant to 'IAPMO – I WPSC-01:2019 Evaluation of Point of Use Water Purification System.

ProPlanet series is designed for the discerning consumer-both environment conscious and health conscious.

The stylishly crafted ProPlanet water purifiers are equipped with RO + Silver Shield that gives you 100% RO purified, baby-safe water, using an 8 stage purification process. The elegant and stylish design of ProPlanet enhances the beauty of your kitchen and also saves up to 9000 litres of water annually compared to an ordinary RO water purifier making it earth-safe too.

proplanet

Baby - Safe.
Earth - Safe.

Why Baby-Safe & Earth-Safe?

Baby-Safe*: ProPlanet series is equipped with RO + Silver Shield which gives you 100% RO purified, baby-safe water, by using an 8 stage purification process.

Earth-safe: Unlike other purifiers, our breakthrough Advanced Recovery Technology™ proplanet water purifier recovers 2X more water ensuring minimal water wastage. Hence, it is India's first 5 star rated water purifier in terms of water saving, making it earth-safe.

proplanet P8

HOT IS THE NEW HEALTHY.

Benefits

Hot water at 3 temperature modes: ambient, warm (45°C) & hot (80°C).

Baby-Safe* water with 8 stage purification and double protection of 100% RO+Silver Shield

Alkaline water with goodness of copper using CFM and Alkaline technology

Give back to your planet, save water with **India's 1st 5 star** rated water purifier

*T&C apply.

Pure Water, Perfect Temperature

Anti-Bacterial Tank powered by Silver Nano Technology

Inhibits bacteria growth and keeps the purified water fresh 24x7

**LIFE TIME
WARRANTY ON TANK***

Bacterial Resistant - 99% reduction in bacterial growth resulting in purified and safe water

All Time Fresh - Inhibits Bacteria, keeping the purified water fresh 24x7

proplanet - P7 / P6

Hot is the new healthy

Instant hotness.

A good-looking water purifier that dispenses mineralised hot water in an instant. Whether it's for a quick cuppa or instant noodles, you can choose between water at 45°C for drinking or 80°C for cooking. No more waiting for water to bubble over a flame. Simply press a button and it's right there.

Benefits

Baby-Safe* water with 8 stage purification and double protection of 100% RO+Silver Shield

Alkaline water with goodness of copper using CFM and Alkaline technology

Give back to your planet, save water with **India's 1st 5 star** rated water purifier

Peace of mind with **1 year Comprehensive warranty** (RO membrane and filters included)

Let there be light.

Night Assist.

Our ProPlanet P7 and P6 purifiers come with Night Assist. It helps you locate your purifier in the dark without having to switch on the lights.

Disclaimer : Product images / color shown may vary from actual model.

proplanet - *P4P_{RO} / P3P_{RO}*

Stylishly crafted, elegantly designed, the ProPlanet P4Pro/P3Pro immediately catches one's attention as soon as you enter the kitchen.

Drink Baby-Safe water, Be Earth-Safe with ProPlanet

Benefits

Baby-Safe* water with 8 stage purification and double protection of 100% RO+Silver Shield

Alkaline water with goodness of copper using CFM and Alkaline technology

Give back to your planet, save water with **India's 1st 5 star** rated water purifier

All Time Fresh water* with in-tank UV purification

*Available only in ProPlanet P4Pro

ATF Technology (All Time Fresh)

UV LED in tank ensures
purified water is fresh all time (24x7)

Night Assist

The beautiful night assist light helps you
locate your water purifier at night and
elevates the look of your kitchen.

The bar between
Pro-health and Green
Leaf indicator shows the
consumption of
baby-safe* water.

The Green Leaf indicator in the center
glows after completion of each cycle
(10 L) of water saving. This saving helps
you get an idea about the amount of water
saved and hence your contribution towards
the planet.

Each bar between Go Green
and Green Leaf indicator
shows the saving
of more than 3L
of water.**

proplanet - P5

ProPlanet P5 ensures 8-stage purification with 100% RO purified water and also saves 2X water than an ordinary RO water purifier* with its innovative Advanced Recovery Technology.

Benefits

-  **Baby-Safe* water** with 8 stage purification and double protection of 100% RO+Silver Shield
-  **Retains natural taste with essential minerals** using Min-Tech
-  **Give back to your planet,** save water with **India's 1st 5 star** rated water purifier
-  Peace of mind with **1 year Comprehensive warranty** (RO membrane and filters included)

Features you'll love in ProPlanet Series

Stands up. Stands out.

Every A. O. Smith water purifier is conveniently designed to either be placed upright on a table or mounted on a wall. Because a true masterpiece will look good anywhere.

Child-Lock Button.

The Child-Lock feature prevents your kids from accidentally starting the flow of hot water and possibly scalding themselves.

Advance Alert.

The Advance Alert is a handy system that lets you know if the RO membrane or other filters need changing.

Auto Flush.

The Auto Flush notifies you about the purifier flushing out any impurities present within. Consider it detox.

Shows it all.

The display on your A. O. Smith RO water purifier provides useful information like water temperature, tank full, filter alerts and power mode in one beautiful digital package.

Drip tray.

The drip tray in your A. O. Smith RO water purifier is super convenient when you want a glass of water and have your hands full. But it's also easy to remove when filling large bottles or vessels.

Healthy water. Maximum capacity.

Every P7/P6 water purifiers comes with water storage capacity of up to ten litres. So you'll never run out of clean and healthy water.

Water level indicator.

The translucent level indicators show you how much water there is. So you don't have to guess.

Food-grade water tank.

Your A. O. Smith RO water purifier is made from virgin food-grade ABS. This ensures no leaching of toxins from the water tank into the water. It keeps your water clean and healthy.

X9 | Water Purifier

Good Health the Copper way, No Compromise.

X9 provides Baby-safe water with double protection of 100% RO+Silver Shield. The Copper Fortified Mineralizer (CFM) and Alkaline Technology filter retains natural taste with essential minerals and provides alkaline water, so that you get water the way it was meant to be fresh, clean and good for you.

Benefits

-  **Elevate your kitchen décor** with sleek, compact and contemporary design
-  **Baby-safe* water** with 8 stage purification and double protection of 100% RO+Silver Shield
-  **Alkaline water with goodness of copper** using CFM and Alkaline technology
-  Peace of mind with **1 year Comprehensive warranty** (RO membrane and filters included)

X9 (Black)

X9 (Black) and X9 has same specifications.

X6⁺ | Water Purifier

Healthy Life. Elegant Style.

X6⁺ provides Baby-safe water with double protection of 100% RO+Silver Shield. The Alkaline Min-Tech filter retains natural taste with essential minerals and provides alkaline water, so that you get water the way it was meant to be fresh, clean and good for you.

Benefits

-  Elevate your kitchen décor with sleek, compact and contemporary design
-  Baby-safe* water with 8 stage purification and double protection of 100% RO+Silver Shield
-  Retains Natural taste with essential minerals using Alkaline Min-Tech
-  Peace of mind with 1 year Comprehensive warranty (RO membrane and filters included)

Z2PRO / Z2PRO VOGUE

Smart Purification for Modern Kitchen

Imagine getting pure drinking water straight from your kitchen tap. Elegantly styled & powered with state of the art technology, Z2 Pro is designed to fit in seamlessly with your modern modular kitchen decor. Z2 Pro keeps your kitchen clutter-free, complements your kitchen interior while ensuring you get 100% RO purified water with all essential minerals & benefits of copper in it.

Benefits

-  **Clean Kitchen, More cabinet space** with our compact, single-unit water purifier
-  **Instant Purity, Zero Hassle** with 360° swivel faucet for more convenience easy access to purified water
-  **Planet-Friendly choice** with 55% water recovery rate and save water
-  **Alkaline water with goodness of copper** using CFM and Alkaline technology

Under-the-Counter
Water Purifier

Presenting

Intelli-UV Series

A modern, compact UV water purifier, with India's first dual pass chamber to suit your every need. Touch dispensing allows you to get fresh, healthy drinking water in an instant, just at the press of a button. Suitable for water with low TDS (less than 250 ppm TDS or municipal corporation supply and no borewell or tanker supply).

Dual Pass UV chamber (DPUV)

Intelli-UV series is powered by India's 1st Dual Pass UV Chamber, a unique design in which the water passes two times through an advanced high power 11W UV lamp, providing double UV purification and ensuring purified safe and clean drinking water.

Intelli-UV-Pro

Smart Purification

Double Protection with India's 1st Dual Pass UV chamber

Benefits

UV purified Hot water at 3 temperature modes: ambient, warm (45°C) & hot (80°C).

Elevate your Kitchen décor with contemporary design, night assist and a large 10L storage capacity.

Purified drinking water with 6 stage purification and 3 technologies in one (UV + UF + SCMT).

Peace of mind with **1 year Comprehensive warranty**.

Disclaimer : Product images / color shown may vary from actual model.

Instant hotness.

A good-looking machine that dispenses purified hot water in an instant. Whether it's for a quick cuppa or instant noodles, you can choose between water at 45°C for drinking or 80°C for cooking. No more waiting for water to bubble over a flame. Simply press a button and it's right there.

Intelli-UV⁺Hot

Hot is the New Healthy with Smart Purification

Benefits

U2Pro Series*

— Under-the-Counter UV Water Purifier —

Smart Inside. Sleek Outside.

Designed to fit under the sink, the U2 Pro series stays out of sight and keeps the kitchen modern and minimal. Powered by Next-gen UVC LED, it features a 6-stage purification process delivering safe UV purified drinking water, enriched with the goodness of copper.

Benefits

Healthy drinking water with UV+CFM Technology & 6 stages of purification.

Fits seamlessly with your modern modular kitchen décor with its **Sleek & Compact design**

Instant Purity, Zero Hassle with 360° swivel gooseneck faucet for more convenience

1 Year Comprehensive warranty (Including all filters, electrical and functional parts)

Disclaimer : Product images / color shown may vary from actual model.

TwinPure™ Technology (Patent Applied)

TwinPure™ Technology ensures double protection by purifying the water twice using Next-Gen UVC LED technology.

First, it purifies water before it enters the storage tank, and second, right at the point of dispensing water from the tank.

TwinPure Protection ensures high-precision neutralization of harmful bacteria and viruses (Available in U2Pro+ only).

Welcome to the ✕
Diamond
✕ **Standard**
of Water Heaters

**BLUE DIAMOND®
TECHNOLOGY**

In addition to water purifiers, we've also brought international-standard water heaters to India. Lined with our patented Blue Diamond® Technology, our water heaters are designed to withstand excess sedimentation and pressure fluctuations. Unlike ordinary water heaters we've engineered ours to not just match the bar set by Indian regulation authorities, but far exceed it. In addition, we've also put in place a wide network of specially trained engineers, so you get the same level of after sales service you'd expect from A. O. Smith. Things really are heating up in India's water heater industry.
